PROFESSIONAL SUMMARY

Computer Science Engineering graduate (Chandigarh University) with hands-on experience in Web Development, Java, C++, and SQL/MySQL. Skilled in Data Structures & Algorithms, OOP, RESTful API development, and database management, with 4+ end-to-end web and desktop applications built and deployed. Seeking an entry-level Software Developer / Full-Stack Developer role.

TECHNICAL SKILLS

Programming Languages: Java, C++, JavaScript, SQL

Full-Stack / Web Development: React.js, HTML5, CSS3, RESTful APIs

Database Technologies: MySQL, JDBC, DBMS

Tools & Platforms: Git, GitHub, VS Code, Excel

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Software Engineering, DBMS, Operating Systems

Soft Skills: Problem Solving, Team Collaboration, Time Management, Communication

PROJECTS

E-Commerce Website | *HTML, CSS, JavaScript | Frontend Project*

GitHub: E-Commerce Website

- Built a fully responsive e-commerce website UI using HTML, CSS, and JavaScript, replicating real-world product listings, banners, and cart layout with close attention to visual detail.
- Built responsive, mobile-first layouts with Flexbox and CSS Grid so the interface adapts smoothly across screen sizes.
- Implemented interactive UI elements, including product cards and cart updates, using vanilla JavaScript and DOM manipulation.

Student Management System | *Java, JDBC, MySQL | Console Application*

GitHub: Student Management System

- Built a console-based student record system using a layered architecture (Model, DAO, Service, UI).
- Implemented CRUD operations with MySQL persistence using JDBC and PreparedStatement.
- Added input validation (email, phone, semester, CGPA) and kept DB credentials in environment variables.

Online Quiz Platform | *HTML, CSS, JavaScript, MySQL | Web Development Project*

GitHub: Online Quiz Platform

- Developed a web-based quiz platform with user authentication and score tracking.
- Designed a responsive and interactive interface for quiz participation.
- Integrated a MySQL database for quiz, user, and result management.

Library Management System | *Java, Java Swing, MySQL, JDBC | Desktop Application*

GitHub: Library Management System

- Built a desktop-based Library Management System using Java Swing and JDBC.
- Implemented book management, issue/return, and fine calculation features.
- Integrated a MySQL database for efficient record management and retrieval.

EDUCATION

Chandigarh University — Mohali, Punjab, India

Bachelor of Engineering in Computer Science Engineering | CGPA: 7.30 | 2022 – 2026

Army Public School — Bareilly, Uttar Pradesh, India

Intermediate (PCM) | 72.2% | 2021 – 2022

CERTIFICATIONS & ACHIEVEMENTS

- Best Paper Award — XIth International Conference on Information Technologies for Intelligent Decision Support (ITIDS 2025), for research on “Multilingual Low-Resource Healthcare Chatbot”
- Solved 100+ Data Structures & Algorithms problems on LeetCode and GeeksforGeeks
- Java Programming — Coursera
- SQL and Relational Databases 101 (DB0101EN) — IBM Skills Network (Cognitive Class)
